

IBT

Hydraulic Torque Tool

IBT HYDRAULIC With a mono body design and alloy construction, the lightweight IBT torque tool range is perfect for those bolting jobs requiring the use of impact sockets and ancillaries.

- Accuracy within +/-3%
- 360° Swivel Coupler for easy hose alignment
- Single release button mechanism gives quick and easy change of reaction angle
- Push button release on square drive allows rapid change over from bolt tightening to un-tightening
- Square drive is interchangeable with direct fit outputs
