

BC-RADX SELECT

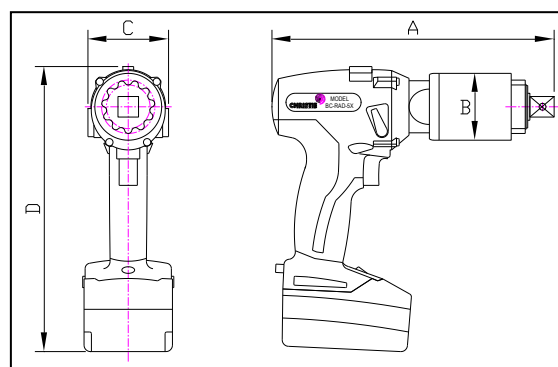

The BC-RADX Select Series of digital display battery operated torque tools is the ideal solution for the tightening and un-tightening of fasteners when air or electric power is unavailable.

BC-RADX Select Digital Display Battery

- Features display with buttons to adjust target torque, allowing unlimited torque settings
- Ability to “lock in” a set torque
- Comes with two simple buttons to increase or decrease the value by 10 Nm
- At the four-digit display the set torque value is displayed. The BC-RADX Select remembers the last set torque value even after the battery is removed
- Available in single and automatic 2-speed gearbox
- All tools are supplied with a dedicated calibration certificate
- Supplied in weatherproof storage/carry case

Model	Dimensions (mm)				Weight Kg	Speed rpm	Torque Range (Nm)		Square Drive
	A	B	C	D			Min	Max	
BC-RAD 5X Select	265	62	67	260	3.8	24	100	475	3/4"
