

## HYSPAN REMOTE HYDRAULIC TORQUE TOOL HY110RT - TECHNICAL DATA

# HYSpan REMOTE HYDRAULIC TORQUE TOOL HY110RT - TECHNICAL DATA

## DESCRIPTION

The Hyspan remote hydraulic torque multiplier is a remotely operated, non-impacting hydraulic driven power tool designed to quickly and accurately apply torque to tighten and remove threaded fasteners. The unit is ideal for all types of remote bolting applications, above and below ground, offshore and sub-sea. It may be powered from the customers own hydraulic supply or via a Christie supplied power pack.

Torque is controlled by regulating the hydraulic pressure via a separate hydraulic power pack. Corresponding pressure settings and torques are determined using the graph provided.

The reaction force works in the opposite direction to the applied torque. The point of reaction should be kept as far away as practicable from the centre of the square drive to minimise this force.

The unit is operated remotely.

The Hyspan multiplier must always be operated with the following:-

- Double acting hydraulic power pack capable of 2,030 psi (140 bar)
- Power pack flow rate of 7-22 litres/minute (0.25-0.78 cfm)
- Hydraulic mineral oil. (none synthetic, Grade 32 or equivalent).
- Hydraulic hoses. Working pressure To Suit Power Pack, 3/8" to 1/2" (10 to 12.7mm) bore.
- Impact quality sockets or adaptors

## SPECIFICATION

Output Square Drive (Male):	2-1/2" (63.5mm)
Direction:	Forward & Reverse
Minimum Output Torque:	4,400 Nm (3,250 lbf.ft)
Maximum Output Torque:	20,000 Nm (14,700 lbf.ft)
Torque Accuracy:	+/- 4%
Speed (Single):	1.2 rpm
Noise:	Less than 85 dB(A)
Vibration:	Vibration level does not exceed 2.5m/sec (Low)
Tool Weight (Excluding Reaction)	~40 Kg (88 lbs)
Wrench Port Size:	3/8" BSPP

## ACCESSORIES AVAILABLE

The following accessories are available upon request and can be custom made to suit requirements. Please contact W. Christie (Industrial) Limited for more information:-

- Special reactions
- Custom lifting points
- Impact quality sockets and adaptors
- Torque checking system (Rundown Fixture)

No statement or data within this literature is warranted or guaranteed to be accurate.
